Hitherto great complaint has been made that the quotas demanded of the county of New York have been excessive. As all quotas are based upon the enrolment, it is evident that no relief can be expected except by a reduction of the enrolment to its proper standard.

Although appeals have hitherts been made to citizens to correct the enrolment, there has been little or no disposition shows by the public to discharge its duty in this particular. It is evident that this duty must be performed by the public authorities, or it will not be performed at all.

No means will be spared to make this correction thorough and satisfactory both to the people and the government.
